

**THIS IS A LEGALLY-BINDING CONTRACT FOR THE OWNERSHIP OF ONE ROTTWEILER \_\_\_\_\_ FROM THE LITTER  
 WHELPED \_\_\_ - \_\_\_ - \_\_\_ BY SIRE \_\_\_\_\_ AND DAM \_\_\_\_\_  
 NAMED \_\_\_\_\_, THIS CONTRACT IS MADE BETWEEN THE SELLER, EVE'S  
 GARDEN INC. D/B/A/VON EVMAN ROTTWEILERS, PO BOX 598, LAND O LAKES, FL 34639 PHONE: 813-996-5012 AND BUYER:**

It should be noted that this contract defines the responsibilities of the buyer and the seller and that it is written for the sole purpose of protecting the Rottweiler breed and the well being of the puppy. It is hereby agreed by both parties that the following conditions will be met and that no other warranties or conditions are either expressed or implied:

1. This animal is being sold as a Show/Breedable prospect Rottweiler. There are some genetic traits that are indicative to the breed which are acceptable for breeding, for example elbow dysplasia, certain eye traits, etc. Only faults and genetic characteristics that are listed as disqualifying faults of the Rottweiler standard for breeding are covered under this contract and the Florida statute 828.29. If this animal should develop a disqualifying fault according to the International and the American Standard for the Rottweiler, then another Rottweiler may be purchased for the pet price of 1000.00. No refunds are applicable. This will be done only after said animal has been rendered incapable of reproduction and was never bred. A letter from a Veterinarian attesting to this fact along with verification of the tattoo and/or microchip is required and must be sent to Von Evman Rottweilers.

OR

This animal is being sold as a Pet Quality Rottweiler. It cannot be used for breeding unless, at the age of twenty-four months, it no longer has any disqualifying faults according to International or American standards and the difference in price is paid to Von Evman Rottweilers for a pet to show quality. AKC papers shall be furnished by Von Evman Rottweilers only after said animal has been rendered incapable of reproduction and was never bred. A letter from a Veterinarian attesting to this fact along with verification of the tattoo and/or microchip is required and must be sent to Von Evman Rottweilers. A pet quality is being sold because it already has a disqualifying fault therefore does not carry any guarantee, including Florida statute section 828.29 and no refunds are applicable. Only show/breedable quality carry the guarantee according to this contract.

*The medication/shot schedule included in our contract and any additional paperwork was designed with the help of numerous Universities and Immunologists at INTERVET and SCHERING-PLOUGH Veterinary Medical. This schedule is updated periodically when veterinary medical research warrants it. It has always been and always will be the mission of Von Evman Rottweilers to provide our dogs (children) and their masters (friends) with the best and most up-to-date information.*

3. Feeding. Our puppies are fed a mixture of Pro Pac dry dog food with egg, cheese, yogurt or cottage cheese, rice, fresh meat cooked with garlic and olive oil, and appropriate vitamin and mineral supplements as needed. When the puppy is two years old, adult dry food should be given with the same ingredients. Your Rottweiler should always receive Total-Canine and Kelp daily throughout its life. FlorEssence Tea is needed for older dogs as an antioxidant and Cancer preventative. You can contact us on obtaining these supplements or visit our website, [www.vonevmans.com](http://www.vonevmans.com), to order. You should never feed your dog plain, dry dog food. Cooking for your dogs is mandatory.
4. Temperament Development. The temperament in Rottweilers are particularly determined by the genetic traits passed on by the parents and mostly environmental as he/she grows up in your home. What you do, how the puppy adapts and is treated will greatly effect how he/she will act when they are older. We want dogs that are protective in nature yet good around children, family, and friends. Never wrestle, play hard, tease or aggravate your puppy. Soft slow strokes and petting is how you touch your puppy. We feel that temperament and socialization are directly related to each other and we spend a great deal of time socializing our puppies until they go into their new homes. The puppies are held, caressed, and exposed to different situations and sounds both with and without their litter mates. Based on our eight-week observation of your puppy, we feel that this puppy if treated friendly and loving and listen to advice written above, will have the temperament to do the following:

*It must be pointed out that Schutzhund training, police training, obedience training, protection training, tracking, etc. are just that - training. No dog can just walk on a field and do these things. They must be trained, and trained correctly. We can sell you a dog with a good potential to do these things, but it is up to you to develop this potential in your dog. We would also like to point out the fact that there are many good but more bad dog trainers in the world, and some use rather insane methods to train dogs. Don't do anything crazy to your dog no matter who tells you to do it! We will be more than happy to help you with training ideas or good people to train with. Please do not wrestle with your dog or chain him up. Soft slow pats & caressing will keep your dog calm & clear minded so when he grows up he will be good natured.*

No refunds are applicable.
